Lost For Week In Far North

FAIRBANKS, Alaska, July 11. (INS)—The discovery of an elder-ly Louisiana scientist, his wife and their pilot 50 miles northeast of Fort Yukon ended today a search for the missing trio which had carried planes many miles into the

Arctic. Dr. and Mrs. Melville Cook, both 79, and their pilot, Bill Car-rington, said their seven-day enforced stay in the Arctic wilds had proved an interesting experience. The plane carrying the Louisiana State University botanist's party was forced down a week ago while they were on an air trip to Circle Hot Springs.

A search was launched immediately by the air force which esti-mated that 250,000 square miles were covered before the party was

sighted yesterday.

A helicopter picked up the trio late yesterday and returned them uninjured to Fairbanks. "It was an interesting experi-

ence. I found several interesting specimens during the time we were marooned. I never doubted that we would be found."

Presents Anti-Recession Program To Congress In Economic Report

WARNS AGAINST UNDUE PESSIMISM

By ROBERT G. NIXON

WASHINGTON, July 11. — (INS) — President Truman scrapped his demand for a four billion dollar tax increase today and called on the present session of Congress to enact an eleven-point anti-reces-

sion program. In his semi-annual economic report to Congress, the chief executive completely reversed himself on tax policies by declaring that "no major increase in taxes should be undertak-en at this time" because it might hurt business.

Mr. Truman acknowledged that there has been some falling off in employment, production and prices from the post-war peak of a few

nonths ago. But he declared that the decline has been "moderate" and the op-portunity is present to reverse the trend and achieve maximum production and consumption through positive action by business and

WHERE, NOT HOW MUCH

The Supreme Court of the State of New York has been asked to fix the penalty for erecting a building where it shouldn't be at the rate of \$50,000 an inch.

It all comes about because a national drug-eigar store firm has suddenly discovered that its two-year-old build- the ing in New York City encroaches on the street line in some places by three-quarters of an inch to an inch. Naturally, this puts the drug firm in dutch with the city, although the latter has had nothing to say as yet.

Building owners say it is the fault of the contractors, who were supposed to have engaged the services of a surveyor. If the surveyor had been on the job and peeped through his transit correctly, this would never have happened. So, they are filing suit against the contractors to the tune of \$50,000 an inch.

What the court will decide will be interesting to note, but it can be pointed out that the price per inch and successful at guiding note, but it can be pointed out that the price per then child in his earlier years also are Burke.

Folks Of Fame

Ex-King Humbert was born

Sept. 15, 1904, at Racconigi, Italy the son of a king. He married a Belgian princess. He was a colonel in his country's army when he was 26; and at the start of World War II he was made an army corps general in charge of the Italian offensive against France. Then he was put in command of Italy's armed forces in central and southern Italy. After the surrender of Italy he took refuge in Naples, then switched sides and commanded Italian troops on the Allied side. He succeeded his father when the latter abdicated; but a general election abolished throne and established a re public and he and his family fled to Portugal where he now lives. Ivan, the Terrible, was born a long time ago-1530, on Aug. 25, and became a Czar of Russia when he was 14. During the first part of his life he was wild and cruel literallly throwing to the dogs those whom he considered his enemies. Repenting, he confessed his sins and surrounded himself with good men. After his wife and son died and his best friend deserted him, he gave himself over entirely to evil. He lived apart from his people. He had the sain'-ly head of the Moscow church strangled.

Great Game Of Politics

(Copyright 1949, By The Baltimore Sun)

"The Lines Are Drawn"

WASHINGTON, July 11., UNLESS every sign fails, the President will veto the modified Taft-Hartley labor law, just as he did the original in 1947. Unlike the 1947 action, this veto will be sustained and the unamended Taft-Hartley Act thus left upon the statute books. This will mark the climax, though not the end, of one of the most degraded periods in the whole history of the Democratic party.

SO far as Mr. Truman is concerned, there is nothing else for him to do Years ago his predecessor, for purely political reasons, delivered the Democratic party to the labor bosses of the CIO. It has been servile and subservient to them ever since. This has been measurably true also of the AFL, though the latter never achieved the personal White House influence and intimacy of th CIO. After Mr. Truman became President, carrying out the Roosevelt policies for exactly the same political reasons he continued the alliance and increased the subservience. As a result, he has become so deeply committed and obligated to the labor bosses that he has no freedom of action at all, is unable to consider any labor problem on its merits.

FOR example, two years ago in his first Taft-Hartley veto he (or his message writer) actually adopted the violent and denunciatory language of Mr. Lee Pressman, then general counsel of the CIO but since thrown out of the organization because of his communistic affiliations and tendencies. From that time on Alministration spokesmen echoed the sheer distortion of truth and vicious misrepresentations put out by the CIO and AFL propaganda machines. Taft-Hartley repeal became the No. 1 plank in the 1948 Democratic platform and Mr. Truman's No. 1 personal pledge throughout his campaign.

NOW, following the Democratic victory and after applying the full White House weight, he and his labor allies have ingloriously failed to put through the repeal. The degree to which Mr. Truman and the party management are hooked leaves nothing to do save follow his veto up with another violently denunciatory anti-Taft-Hartley campaign next year in the hope of strengthening the pro-labor forces in Congress. The professional labor-liberal publicists are already screaming that the 'lines are drawn' and the 1950 elections will determine whether the 'forces of evil" are to have their way or the heaven-sent Roosevelt policies of labor-union domination anl dictation are to continue. They profess confidence that once the issue (Taft-Hartley repeal) is taken to the people, the action of the Eighty-first Congress will be repudiated. Mr. Truman vindicated and all those who failed to "vote right" (that is for repeal) will be thrust into political oblivion. To this end, the CIO and AFL are collecting a huge political fund and promising an unprecedented campaign to "get out the vote"

THERE are several things to interfere with the smooth working of this program. One, of course, is that it will be very stale stuff. The same agencies—CIO, AFL and the Administration—had a tremendous anti-Taft-Hartley campaign last year. They literally went the limit. It simply is not possible to be more violent, vituperative and vicious than they were then. The best they possibly can do is to equal their previous record. Another is that the results of the 1948 election on this issue were not such as to justify optimism from the angle of the laborunion bosses for next year. In that year, though Mr. Truman was pulled through by the farmers, the CIO-AFL showing was very poor. They had proclaimed their purpose to "drive out of public life" every man who had voted for the Taft-Hartley bill. With exceedingly few exceptions these were renominated and re-elected. Still another is that the absurd pretension that the last election was a "mandate" from the people for Taft-Hartley repeal, while still mouthed by the unctuous Mr. Murray and a few others, is generally recognized now as completely phony. The real reason for failure of the repeal fight is that public sentiment did not favor repeal. The signs are all the other way,

HOWEVER, the same raucous pretensions that the labor bosses speak for the people will be made. There will be a vast beating of the labor drums and an unprecedented pouring out of labor dollars in the campaign. In brief, everything they have will be put into the fight—particularly in Ohio. For even the most obtuse among them realize that if Senator Taft, with prestige enhanced by his recent Senate victory and strengthened by the refusal of Governor Lausche to run against him, is re-elected in Ohio next year the chances are that in 1952 we will have the first President in the White House in twenty years not shackled to the labor bosses.

Trans World Airlines mail and ex-

News reaching this correspondent from the economic talks now going on in Frankfurt between western Germany and Switzerland reveals that the negotiations have

been successful for both parties.

Inequality of Swiss-German trade was indicated in figures which showed that Switzerland in 1948 imported goods from western Germany valued at 305 million Swiss francs, while German purchases in Switzerland amounted to the service, the airline co-operates with the Post Office Department. It furnishes first flight cachets to 3,000 stamp enthusiasts and top airline personnel.

At first, Pluchel thought it was part of his job to keep a copy of only 70 million Swiss francs.

Couldn't Pay Obligations

Furthermore, restrictions imposed by occupation authorities in Germany prevented Switzerland from using these 70 million francs to pay off non-commercial obliga-tions to other German clients, such as insurance payments and financial transfers

The Frankfurt accord is expect ed to upset this adverse trade sit-uation from top to bottom by nor-malizing and even considerably extending the economic relations be-tween Switzerland and the western II, will be discussed.

On one hand it will provide for an increase of Swiss purchases in Germany well beyond the 305 million Swiss franc figure of 1948.
On the other hand the export quotas of both sides will increase, allowing Germany to match the Swiss purchases.

The term "Pochoism" is used in the slogan for the campaign. A pocho is a Texas-Mexican or a Mexican-Texan whose speech is a mixture of both Spanish constructions and terminations added to English root words.

Snob appeal and the Mexican's natural tendency to appreciate goods imported from the United States over those made in Mexico are chiefly responsible for the out-break of pseudo-English words and phrases on advertising.

The fanatical nationalistic pride

of some sectors of Mexicans combined with their concomitant "gringo hating" has brought about

Dr. F. H. Zimmerman, hospital superintendent, says he knows of no place in America where such a plan had been tried previously.

Select Nine Women

The ward doctors select nine women representing various types of mental illnesses and ranging in age from 20 to 50 years. They included four housewives, a sectre-tary, a clerk-typist, a cook, a laundry worker and a stenographer. Some had been hospitalized a few months, others as long as 13 years.

The women are receiving 24 lessons of 60 to 90 minutes twice a week by professional instructors from a Colorado "charm" school. The students learn about how to improve their appearance, exer cising, correct color combinations

and how to obtain poise. Hospital personnel say that the course appears to aid in the development of mental alertness and it helps the patients increase con

Group Of Close Friends Honor Guest At Dinner Event Saturday Evening

Angelo Frediani, of 1008 Maryland avenue, a local business man who is leaving Wednesday for a two months visit in Italy, was tendered a surprise "bon voyage" stag party Saturday evening, by a group of his close friends.

About 25 friends gathered at the Hotel New Penn at 7 p. m., and enjoyed a full course steak dinner, with Mr. Frediani as guest of honor. The tables were arranged for the occasion.

Paul Failla was the toastmaster of the evening and called on the following for remarks: Joseph Bordonaro, A. N. Carbon, David Valiensi, Joseph Frengel, Orville Potter, Albert Marsch, of Youngstown, O., and Frank Summers.
Mr. Carbon presented the hon-

guest with a gift of luggage and films, from his friends and a hearty wish for a pleasant trip and bon voyage. Mr. Frediani responded graciously.

Mr. Frediani departs Wednesday evening for New York City. He will sail on the Queen Elizabeth from New York on Friday morning, and will arrive in Cherbourg, France. From Cherbourg his first stop will be in Paris, and then he will travel to Rome, Italy. Mr. Frediani will leave for Tuscany, Italy, where he plans to visit with his mother, whom he has not seen for a long period of time. He will also visit other relatives at this time and his stay will be for approximately two months.

The committee in charge of the party arrangements included: Paul Failla, A. N. Carbon, and Ted

Faces 22 Year Old Murder Charges

HARRISBURG, July 11.—(INS)
—Ernest L. Martin, 55, of Harrisburgh, today awaited extradition to Martinsville, Va., to face a 22year-old murder charge.

Martin, who lived for 15 years in Harrisburg as John E. Pettye, was picked up Saturday for drunkeness and fighting police said.

Shortly after he was arrested officielles in the property of the pro

cials received an anonymous tele-phone call informing them Mar-tin was wanted for murder in Martinsville.

A police teletype query to Virginia authorities verified the tip He is wanted in connection with the slaying of a neighbor, Dan Hairston, in May 1927.

Bell Telephone Rate Increase Case

The public utility commission route 108. today opened a three-day hearing to allow the Pennsylvania Bell Telephone company to complete its case supporting a \$25,000,000

year rate boost. Unless the PUC acts before July 21, the increase will become ef-fective automatically but the ratemaking agency is expected to order a three-months extension of the initial six months investiga-tion ordered in January.

Protests against the rate boost are slated to be entered today with the PUC by the city of Pittsburgh, the Pennsylvania Industrial Union Council (CIO), Mario Bove of Pittsburgh, and Samuel R. Boyer,

of Mechanicsburg.

Bell has told the PUC that the increase is necessary to underwrite ncreased costs of operation plus a huge expansion program resulting from new demands for service. The company has claimed it will get only \$14,000,000 after taxes.

hero Sunday at Flaherty Memorial field, as the Nats edged Youngstown's league leading Athletics 8 to 7. It was Gipp's screeching double to left field in the last of the ninth that scored the winning tally.

Over 400 fans at the Sunday contest went home happy at the turn of affairs. The Nats trailed 7 to 6 going into the last of the ninth and batted out three doubles—Kiel, Torrey and Gipp to win the game. Manager Billy Mongiello scored the winning run from second having drawn a walk and advanced on a fielder's choice. Felix Bucchioni Winner

It was a grand and glorious finish to a good ball game, and gave Felix Bucchioni who had relieved Joe Karakul in the eighth inning his fourth victory against six defeats. Bucchioni stopped the hard hitting Youngstown team colder than a last year's herring. He didn't permit a run or hit over the final two innings. Karakul gave up seven runs and 11 hits the first seven innings including a pair of homers by Joe Pancoe and Shine Richardson in the big Youngstown seventh

Manager Mongiello has nominated Ty Corbett the veteran to go to the mound tonight to try for another win over the league leaders. Corbett joined the Nats Sunday and played right field, getting two hits and scoring a run, driving in two runs. Corbett was with the Chiefs last year.

Sunday — Johnstown at New Castle.

Two singles, and walked once, and flied to left.

New Castle was defeated at Oil City Saturday night 3 to I in a abbreviated six-inning affair stopped by rain. Herb Churchill was the losing hurler. Bill Torrey hit his fifth homer at Oil City for the lone Nats tally.

The Nats are still in the market for a first class hurler, to help the pitching staff.

Hole-In-One Made By Tony Ottaviani

Another Hole-In-One was added to the records at Sylvan Heights course over the weekend, when Tony Ottaviani, of Ellwood City.

Ottaviani used a No. 6 iron. which hit on the green, a little short of the cup, and rolled into the hole. Witnesses to the feat were A. Scopellite and Mike Perrett who were playing with him at the time. He finished the round with a 37, one over par.

New Castle has won 10, lost 1, and tied 2 in its 34 year old football rivalry with Ellwood City.

NEW YORK, July 11.-Marse Joe McCarthy of the Boston Red Major Leagues Sox is baseball's man on the flying trapeze.

The Bosox go from losing to winning streaks with the greatest of ease. The team's present skein of seven straight wins has come just in time to put the soft pedal on the latest report that McCarthy

would be dropped as manager.

Joe's charges beat the Philadelphia Athletics twice yesterday, 8 to 5 and 11 to 10, at a time when the A's could least afford it. Indians Creep Up

The second-place Cleveland Indians advanced to within 5½ games of the idle New York Yankees in the American league race with a 7 to 4 win over the St. Louis Browns, in six innings. Jack Graham of the losers nicked Bob

Feller for two homers.

Bill Wight of the Chicago White Sox beat Detroit's Hal Newhouser 4 to 2, and Randy Gumpert held the Tigers to two hits in the sec-ond game only to lose a 1 to 0 heart-breaker to Art Houtteman, who had a four-hitter himself.

Cards Win Two In the National league, the sec-ond-place St. Louis Cardinals swept their four-game series with Cincinnati by downing the Reds twice, 4 to 2 and 7 to 4. behind

southpaws Harry Brecheen and Al Brazle, although Al wasn't quite able to finish. The Cards advanced to within only half a game of the Brooklyn Dodgers. Erv Palica of the Brooks beat the New York Giants in re-lief for the third time this year, 7 to 3. Jackie Robinson and Duke

Snider sparked the Brooklyn at-

tack with three hits apiece.

Pirates Drop Two Pittsburgh, after having won eight straight for their longest winning streak in three years, lost twice to the Chicago Cubs, 8 to 6 and 9 to 6 in a six-inning curfew affair. Phil Cavaretta of the Cubs drove in seven runs during the day, while Ralph Kiner of the Pirates hit his 22nd and 23rd homers

Other teams were rained out.

CLEVELAND, July 11.—Henry Eugene Bearden, the gangling kid from Arkansas who courageously pitched the Cleveland Indians to the world's championship last year, has a problem—a serious one.

And a quick solution to that problem will be more than welgoned not only by Bearden but by my lack of control, but I'm not Control for this season.

"I seem to be throwing the same, but I can't make the ball go where I want it to.

Always Had Control

"I've had some bad years in my career, but control—or lack of it—never was one of my main troubles."

"I can't figure it out," said Gene, ming of the season. Then I hurt my leg again."

Besides Bearden's war injury, he pulled a muscle in his leg while the team was on a road trip in the east.

In the 230 innings he pitched in 1948, Gene walked 106 men. In 1948, Gene walke space spray; also on walls,

NEW PROCEDURE

The Supreme Court's decision reversing the perjury conviction of Milwaukee Labor Leader Harold Christoffel may bring about some

gressional committees.
Christoffel was freed on grounds that no quorum of committee mem-bers was present when he committed alleged perjury. Court disregarded government claims that a quorum was present when hearing began, but several members had left when he gave the disputed

Look for committee members to take a little more interest in their hearings. It's a good bet that the committee chairmen will make certain that a majority is present at all times hereafter.

BRITISH DOLLAR SHORTAGE In view of Britains' financial sit-uation, United States officials are taking a dim view of the British economic picture. It is felt that Britain, despite the political strain which may be engendered, must take a more realistic view of the

world's economy.

The demand for British goods has fallen off heavily in recent months, and it is felt that Britain must produce better goods at more economic prices. The remedy, it is said, is to gear their productive capacity to greater efficiency and induce the labor unions to accept lower wage rates.

ATOMIC BATTLE PREVIEW

The congressional atomic com-mittee has had a preview of the bitter fight that will come when atomic power can be used generally. It came during a committee pro-test over a 10 million dollar natural gas pipeline for the Oak Ridge, Tenn., plant.

James E. Van Zandt (R) Rep. Pennsylvania, said the pipelines would throw Tenaessee miners out

time comes that atomic power is ready for general use. That will be, to say the least, an interesting time for Congress.

school, where the cream of the German secret-service operatives received final instructions, the faculty included a Herr Linz. His particular job consisted of teaching the little niceties of behavior that would enable his proteges to mingle freely in British society and send back vital information to Berlin.

One of his last-minute tips al-ways was this: "Open an account at a well-known bank, and 'accidentally' drop the book before acquaintances. This will reassure

them as to both your social status and your financial responsibility." A great many of Herr Linz's pupils succeeded in reaching London, but every one of them was apprehended before sending a single vital message home. The dropping of a bank book was a little signal arranged between the British secret service and its highly regarded agent, instructor Linz. Copyright, 1949, by Bennett Cerf.
